WHAT IS SFI?
The teaching of Swedish for Immigrants (SFI) is basic education for adults whose mother tongue is not Swedish. It is to provide knowledge of the Swedish language and Swedish society.

WHO ATTENDS SFI?
SFI is for adults registered in the population register – in this case the population register of the municipality of Eslöv – and aged 16 and up. Participants must not have any basic knowledge of Swedish. If you are not registered in the municipality of Eslöv, contact the municipality where you are registered.

People who are unable to read and write, or have little schooling, can instead develop their skills in reading and writing at basic adult education (subject: Swedish as a second language). Learning how to read and write, alphabetization and latinization are integrated in the teaching and learning processes of SFI.

Attending SFI is free of charge.

WHAT RULES GOVERN SFI?
Every municipality is obliged to provide SFI to those adults who are entitled to it. SFI is to be provided within three months of the participant having expressed an interest in it. SFI follows the national curriculum for the non-compulsory school (Lpf).

HOW IS SFI ORGANISED?
Studies in SFI are to be adapted to the needs of the individual, and the course is to be characterised by flexibility.

The syllabus enables the student to combine or integrate courses in SFI with studies in basic or upper secondary adult education, adult education for those with learning disabilities, practical experience, employment or work. Those participants who want to get practical experience, employment or work must arrange that themselves.

FOUR LEVELS AND THREE TRACKS
SFI courses are given and assessed at four levels: A, B, C or D.

The teaching and learning of SFI in Eslöv is organised along three tracks where the four levels are combined: AB, BC and CD. Track AB is for those who have little or no schooling. Track BC is for those who have some schooling, while track CD is for those who have enjoyed schooling for a longer period of time or at advanced levels in their native country or abroad.

GRADUAL INTAKE
Gradual intake is employed by Eslöv SFI. Those who have expressed an interest in studying SFI are placed in a queue and enrolled once there is a vacancy.

ASSESSMENT
After each completed course, the student can be awarded a grade on the following scale:

- A
- B
- C
- D
- E (pass)

There are national knowledge requirements for grades E, C and A. The knowledge requirements contain a description of what is required for a given grade. The students who do not achieve an E are given a certificate showing their level of knowledge in relation to the goals of the syllabus.

**STUDYING IN THE DAYTIME OR IN THE EVENING?**
Lessons are given in the morning, afternoon and/or evening. The student receives a schedule when it is decided at what level he or she should begin.

**HOW TO SIGN UP**
If you want to sign up for SFI or would like to have more information, send an e-mail to [sfi@eslov.se](mailto:sfi@eslov.se) or call +4641362798, +4641362111 and make an appointment. At registration you will meet an SFI coordinator and together you decide when to begin.
